Notes

1. Cut the 5 lobed leaf shape from the Gold Foil Paper with the Paisley Framelits™.
2. At the same time, cut any of the outlines you want to sponge in from the scrap paper or Window Sheet. I used the largest paisley and the flower with the stem. All but two of the images have a solid die to match.
3. Place the Gold Foil piece near the bottom left of the card stock. I waited to actually adhere it, but I wanted that area left clear, so I noted where it would go.
4. Stamp *Thankful • Grateful Blessed* in Memento ink just to the right of where the gold foil piece will go.
5. Using the stencils you made in step 2, randomly sponge the images you want. You can do one or two or cover the whole card stock. Stamp the coordinating image over the sponged shapes.
6. Stamp any other images you want in colored ink.
7. Fold the card stock in half. Fold the calendar pages in half. Open them both up, align, and staple them together with a long arm stapler. If you don't have access to a long arm stapler, you could sew them together or take them to the copy store. If it's got a self-serve area you can probably staple them there or pay them to staple them for you.
8. Fold the cover back, stamped sides together. Fold the cover back on itself as well. Slip the calendar cover into the checkbook cover.
