Notes

- Score the Basic Black card stock at 4¼". Then fold and crease for the card base.
- Adhere the largest piece of Pop of Pink Designer Series Paper® on the card front, dark side out.
- Adhere the largest Whisper White piece inside the card.
- Adhere the Designer Series Paper® strip to the Melon Mambo strip, light side out. Adhere both to the card front.
- Stamp the train in Basic Black ink on one end of the Whisper White and the though bubble in Melon Mambo. You can do this by masking each part, but you can also do it by actually cutting your stamp in half. If you use wood mount stamps, mount each part on opposite sides of the block. (If you've already mounted your stamps on the wood blocks, you will need to use either the masking or coloring with markers technique.)
- Stamp *I knew you could* on the other end of the Whisper White. Cut both the train and the greeting with the 1¾" Circle punch.
- Cut the Basic Black square and the Designer Series Paper® square with the 2" Circle punch.
- Adhere the train to the Basic Black circle.
- Adhere the greeting to the Designer Series Paper® circle and adhere inside the card.
- Adhere the train to the Basic Black circle. Wrap the Baker's Twine around the card (4¼") three or four times. Twist into a figure 8.. Adhere to the card front in the middle of the strips. Adhere the train over the twine with Stampin' Dimensionals.
