Notes

- Score the Smoky Slate card stock at 4¼". Then fold and crease for the card base.
- Use the 1" Circle punch to cut half a circle centered at the bottom of the card. You will want to cut the front, then use that to position the punch to cut the back separately at the same place.
- Cut the top and bottom (portrait) of the 4⅞" x 4½" piece of Smoky Slate with the Classic Label punch so that the points of the punch are even with the edge of the card stock.
- Wrap the plastic or cellophane loosely around the card stock at the point where you punched. Use Tear & Tape Adhesive at the very end to make a smooth loop around the card stock. Trim off any excess so there is not loose ends that might snag the mechanism. The loop should move freely, but not be too loose.
- Position the mechanism in the center of the card. You might want to mark where it goes. You can put Tear & Tape Adhesive on the edges but don't remove the backing yet. You will need to maneuver around the mechanism and check for placement before adhering it.
- Round the corners of one of the 3¼" x 4½" pieces of Whisper White card stock. Stamp *You're the best* in Elegant Eggplant on the top. Turn the card stock over and put Tear & Tape Adhesive at the bottom edge and also about ½" below where the bottom of the image is. Make sure the adhesive will not go beyond the plastic loop. Adhere this to plastic loop. Slide the loop so the top of the Whisper White is about ⅛" above the sides of the mechanism.
- Round the bottom corners of the other 3¼" x 4½" piece of Whisper White card stock. Place Tear & Tape Adhesive at the top of this strip and adhere it to the back of the plastic loop so that the bottom edge will be even with the bottom of the card. Gently pull this card stock until the top image moves above the top of the card. Adhere another strip of Tear & Tape Adhesive at the bottom edge of the mechanism. This helps hold the card stock but it also acts as a stop to keep the mechanism from going too far.
- Position the mechanism, double-check all the placement, then adhere it.
- Adhere the card closed with Tear & Tape Adhesive.
- Adhere the Elegant Eggplant card stock to the card front.

11. Place the 3½" x 4½" Whisper White card stock in the Celebrate folder with the bottom edge even with the bottom of the folder. Emboss in the Big Shot.
12. Stamp the large splotchy stamp over the debossed word in Elegant Eggplant ink. You will want to stamp it several times.
13. Use the Clear Wink of Stella marker to color in the more solid sections of the splotches.
14. Flick the tip of the Clear Wink of Stella from the inside to the outside of the pen cap to splatter the glitter ink over the top section of the card. Repeat with the Elegant Eggplant marker. Allow to dry.
15. Adhere the Whisper White layer to the Smoky Slate layer with adhesive of your choice.
16. Adhere this layer to the Elegant Eggplant layer.
17. Slide the card open and use the handheld punch to put a hole at the bottom of the slider. Thread the silver and Whisper White ribbons through the hole. Tie them together with the Elegant Eggplant Baker's Twine.
