2. Stamp small ornament (the one with the diagonal grid pattern) on Very Vanilla with Cherry Cobbler 20 limes, 10 on each strip.
3. Cut with Holiday Ornaments Framelits.
4. Fold 15 of each ornament in half with the bone folder. The printed side will be on the inside.
5. Glue the blank side of 3 folded ornaments with. Make 5 of these bundles with each size ornament.
6. Add Dazzling Diamonds glitter around the edges of each ornament bundle, adhering with 2-Way Glue Pen.
7. For all gluing, work on the Silicone Mat.
8. Cut a 1⅜" circle. Arrange large flat ornaments around the circle with the print side down and glue with Multi-purpose glue.
9. Adhere a large ornament bundle one each flat ornament.
10. Cut Scallop Tulle 5 lengths with 3 scallops each.
11. Make a tuft of tulle by poking your finger into the center and twist a little. Hot glue each tulle tuft to the circle base between each large ornament bundle.
12. Fold 12" length of Linen Thread in half to make a double loop and tie at the end. Make 5 of these.
13. Glue each loop to the center of the large ornament.
14. Repeat the folding, gluing, and glittering process with the small ornament.
15. Hot glue the small ornament bundles over the tulle at an angle so it sticks up a bit.
16. Score the strip of Designer Series Paper at each ½" (or ¼"). Snip one end at an angle. You can use the Designer Rosette die, if you have it. Fan fold and pinch tight.
17. Put a dab of hot glue on the mat. Push the flat edge of the fan folded Designer Series Paper into the hot glue. Let it cool.
18. Open the fan and then glue the ends to form your rosette.
19. Glue the lolly into the center of your ornament.
20. Place a jumbo pearl in the middle of a facetted button.
21. Glue the button in the center of the lolly.
22. Punch a hole in the center of one of the large ornament bundle.
23. Lace the last length of Linen Thread through the hole and tie to make a hanging loop.
