Notes

1. Remove the packing materials from the frame. Keep the cardboard insert and the wooden stick.
2. Mix about 2 T of alcohol with about 10 drops of refill ink. Brush onto frame. (Be sure to paint the edges too!) Set aside to dry.
3. Cut 15 or more 1" circles from a matching cardstock.
4. Punch at the top with the Crop-A-Dile.
5. Using My Digital Studio, decide on what background and embellishments you would like. Print on Whisper White cardstock.
6. Using the Window Sheet for alignment, trim the insert to 4" x 6".
7. Place inserts into frame: Window Sheet in front, then My Digital Studio insert, then cardboard insert.
8. Add nails using the templates for placement.
9. Hang the circles from the nails.
