Green tissue paper	Not a Stampin' Up!® product				

Notes

Assemble the basket.

- Cut the Real Red Designer Series Paper with the polka dots to 1½" x 8½" and fold in half the long way. Cut with the Baked Brown Sugar in step 2 by aligning it with the scallop border piece.
- Cut the two large pieces of Baked Brown Sugar card stock with the Berry Basket Bigz die. The advice from Stampin' Up!® is to cut them one at a time, but I was able to cut both at once. It probably depends on your Big Shot. Fold the larger pieces on the score lines.
- Place the ends of the Berry Basket pieces into the Woodgrain folder and emboss in the Big Shot. Repeat with one of the straight-edge border pieces.
- Cross the basket pieces and adhere with Liquid Glue.
- Make the handle: Align the two straight-edge border pieces so that the middle score lines do not line up. Adhere with Liquid Glue. Lightly bend the pieces with a bone folder.
- Fold the Baked Brown Sugar scallop borders on the score lines and adhere with Liquid Glue. Adhere to the inside of the basket pieces.
- Staple the ends of the handle to the basket with the handheld stapler.
- Wrap the Designer Series Paper around the outside of the basket top, aligning the scallops.
- Crumple half a sheet of tissue paper and place it in the basket. Fold the remaining tissue paper until it is about 2" wide and cut with the Fringe Scissors for grass. Place on top of the crumpled tissue.
- Stamp the rectangular label in Real Red on the Baked Brown Sugar scrap. Stamp the *sweet as can be* greeting with the "stick" pointing up. Cut with the coordinating Framelit. Gently curl the "stick." Wrap around the basket handle and adhere with a Glue Dot.
- Punch a Petite Petal flower from Whisper White card stock. Poke the center to add some dimension. Adhere this to the label. Punch the Daffodil Delight card stock with the 1/8" handheld punch. Poke the center to add dimension. Adhere the dot to the center of the flower with a Glue Dot.
- Tie a bow through the loop in the label with the Real Red 1/4" Cotton ribbon.

Assemble the strawberries.

13. Punch 3 Petite Petal flowers from the Old Olive card stock. Punch a hole in the center of each with the $\frac{1}{16}$ " handheld punch. Set these aside.
14. Cut the three pieces of Real Red card stock with the largest Floral Framelit.
15. Fold each between the flower petals.
16. Place into the Perfect Polka Dots folder and emboss. The ends of 2 petals will not be embossed. You will be cutting these off, so it's not a problem.
17. Cut those two petals off by cutting along the folds to the center.
18. Gently curl the petals with a Bone Folder.
19. Fold again and clip a "corner" of each petal from about $\frac{1}{2}$ " down from the edge to about $\frac{1}{2}$ " from the V between the petals.
20. Punch a hole with the $\frac{1}{8}$ " handheld punch in each of the petals just below the point.
21. Overlap 2 petals and adhere with Liquid Glue.
22. Tie a knot in one end of the $\frac{1}{8}$ " Old Olive ribbon and trim the other end to a point. Lace the ribbon up through the holes in the petals. Push the ribbon through the tiny hole in the Old Olive Petite Petals flowers to hold the ribbon in place. Repeat for the other two strawberries.

The strawberries were featured in an old Stampin' Up!® catalog, I believe from 2010. They were made with the Flower Folds Bigz die. You can use this die if you have it. I was determined to find a way to make these strawberries with current products. If you own the Flower Folds die, you don't have to trim between the petals, but otherwise, they're made as described here.
