Transfer Adhesive Sheets			14-15	204	133722	\$6.95
Optional: wax paper			Not a Stampin' Up!® product			

## Notes

- Score the Blackberry Bliss card stock at 4 1/4", then fold and crease for the card base.
- Place the Striped Scallop Thinlits Die on the Blackberry Bliss card stock and run it through the Big Shot. Repeat with the Thanks from the Hello You Thinlits and the Soft Sky card stock.
- Cut scraps of the Painted Blooms Designer Series Paper and your choice of coordinating card stock with the Striped Scallop Thinlit. You only need two or three scallops of each, so you can cut several at a time, but in one layer.
- Peel back the backing sheet from the Transfer sheet. Lay the Blackberry Bliss Striped Scallop piece on it. Lay the backing over the Blackberry Bliss and rub. Adhere to the card front. Remove any extra adhesive with an Adhesive Remover
- Arrange your scallop pieces like a puzzle onto the card front until you like the design. You could go in rows or scattered like my sample. When you are pleased with your design, remove the pieces, use the Transfer Adhesive Sheet or Multi-purpose Liquid Glue to adhere the scallops.
- Use the Transfer Adhesive Sheet with the Soft Sky Thanks. Adhere I to the card front.
- Stamp "so very kind of you" in Blackberry Bliss on the Soft Sky 5 1/4" x 4". Adhere to the inside.
- You may want to decorate the envelope with remaining scallops. You can use the extra pieces of Blackberry Bliss. If using the other scallops and you are planning to mail, be sure the adhesive you use holds all edges securely without extra adhesive that might adhere to the other mail or machinery.
