By Bev Adams, bevadams@verizon.net, www.BevAdams.com

Notes

- Print the case insert from my website, www.BevAdams.com. Slip it into the case.
- Print the placement guide.
- Cut one sheet of Grid Paper to 5" x 7". At least one sheet should show the measurements starting at 0.
- Use the placement guide and the Gorilla Glue to glue magnets to the following tools and allow the glue to set.
 - The back of the Snips case, opposite the large hole.
 - The Paper Piercing Tool
 - The SNAIL case on the black (keeper) side.
 - The middle of the Bone Folder.
- Cut the Stampin' Pierce Mat to 4½" x 5¾".
- Trim the paint edger pad to about 3" x 3".
- Cut the Window Sheet
 - 4" x 9¾" Score at 1½", 2", 6½", & 7"
 - (2) 1" x 4"
 - 2" x 6½" Score at 1½", 2, 4¾", & 5½"
 - 2" x 4¼" Score at ¾", 1¼", 3", & 3½"

Assemble the left side of the case

- Put Tear & Tape Adhesive on the ends of the 4" x 9¾" Window sheet and at the next score lines. Adhere to the bottom left of the case for the Stampin' Pierce Mat.
- Wrap one 1" x 4" strip of Window Sheet around the sprayer to determine where to put the Tear & Tape Adhesive. Adhere the loop and then adhere the ends to the case so the hand sanitizer sprayer is at the top of the case.
- Wrap one 1" x 4" strip of Window Sheet around the pen to determine where to put the Tear & Tape Adhesive. Adhere the loop and then adhere the ends to the case so the pen is under the sprayer.
- Adhere a magnet just to the right of the mat for the alligator clip.

Center of the case

- Adhere a magnet to the middle of the case spine for the Bone Folder. (Be sure to check for polarity!)

Right side of the case

- Adhere the 2" x 6¼" Window Sheet to the bottom left side of the case as you did the one for the Stampin' Pierce Mat.
- Add a few sticky notes to the front of the Window Sheet.
- Adhere the 2" x 4¼" Window Sheet to the bottom right side of the case as you did the one for the Stampin' Pierce Mat.

16. Adhere magnets to the case for the SNAIL, Snips, and Paper Piercer following the placement guide.
17. This case will fit either of the thin blocks. Cut the sheet of Stampin' Dimensionals to fit into the other loop. I pulled off a yard or so of Glue Dots, wrap them into a 2" diameter loop and flatten the loop. Store them with the Stampin' Dimensionals.
18. Place the Grid Paper into the back of the case.

(Two magnets could be used for heavier items for a firmer hold.)

Placement Guide
