Notes

- Score the Watermelon Wonder card stock at 5½". Then fold and crease for the card base.
- Score the Very Vanilla card stock at 5¼". Then fold and crease for the pop-up inside layer.
- Center the Designer Series Paper® under the Very Vanilla card stock. Position the Happy Birthday Framelit™ over the Very Vanilla with the points aligned on the crease. Cut both layers at the same time with the Big Shot. The Magnetic Platform is very helpful for this. Remove the letter centers The Brush Tool is very helpful. Carefully separate the layers. Keep the outside piece of the DSP.
- Trim the candles, the cake platform and the sides from the Designer Series Paper®. Adhere the DSP to the front of the Very Vanilla piece. Set aside to dry.
- Adhere the outside piece of DSP to the card front.
- Stamp the greeting on the right half of the 5" x 3¾" Very Vanilla card stock. Wrap the ribbon around the end of this piece. Adhere to the card front with Stampin' Dimensionals.
- Align the balloons on the D Block by punching the sticky note and using that as a guide to place the stamps.
- Ink the balloons with Watermelon Wonder and stamp off before stamping on the 2½" x 6" Very Vanilla card stock. Repeat for another set of balloons. Stamp the balloon sprinkles full strength with Watermelon Wonder ink on all 4 balloons. Punch out with the Balloon Bouquet punch.
- Place the balloons upside-down on the mat. Rub the back of the Paper-Piercer around the outside of the balloons.
- Place a Stampin' Dimensionals or two behind each balloon. Adhere a few inches of Baker's Twine to each balloon. Add a second layer of Stampin' Dimensionals and adhere to the left side of the card front. You may wish to tie the balloon strings.
- Adhere the DSP strips to the ends of the pop-up layer. Reverse fold the cake. Adhere the pop-up layer inside. Match the center folds with the card folded as much as possible.

**I didn't have Old Olive so I used Basic Black. You could also use Whisper White.
