Notes

1. Score the Very Vanilla card stock at 4¼". Then fold and crease for the card base.
2. Place the low tack masking tape* about 1½" from the left side of the smaller piece of Very Vanilla card stock. Stamp the large leaf three times in VersaMark™ ink. Dust with Clear Embossing Powder and remove extra powder. Remove the tape. Melt the powder with the Heat Tool.
3. Replace the tape. Sponge the left side with Call Me Clover ink. Stamp the smaller leaf randomly over the sponged area including over the embossed leaves. Allow to dry, then gently buff remaining ink from the embossed areas. Remove the masking tape.
4. Stamp *You are wonderful* in Call Me Clover ink near the bottom right side. I used the Stamparatus to make even placement easy.
5. Emboss the Call Me Clover square with the 3-leaf embossing piece in the Nature's Roots Framelits. Cut out with the coordinating Framelits™.
6. Trim the ends of the Wood Textures Designer Series Paper® and Call Me Clover strips with the Banner Triple Punch. Emboss the Call Me Clover strip with the Layered Leaves Dynamic Textured Impressions Embossing Folder.
7. Tie a bow with Linen Thread around the Wood Textures banner.
8. Adhere the Wood Textures banner over the division at the top of the layer. Make sure it does not cover your greeting. Slip the Call Me Clover banner under the bow and adhere to the Wood Textures banner. The green piece should be about ¼" shorter than the Wood Textures piece. Trim even with the Very Vanilla layer.
9. Slip the stem of the leaves under the bow. Adhere with a Stampin' Dimensional.
10. Adhere the Very Vanilla layer to the card base with Stampin' Dimensionals.

*I used Delicate Surface FrogTape and made that even less tacky by sticking it to my pants' leg several times.
