Notes

- Score the Mint Macaron card stock at 2¾" and 5½". Then fold in a z pattern and crease for the card base.
- Score the Early Espresso card stock at 4¼". Then fold and crease for the "Joy Fold" layer.
- Ink the inside of the embossing folder on the side printed with Sizzix and Stampin' Up! with Smoky Slate ink. Lay the 5¼" x 4" Whisper White card stock on the other side. Close the folder and press evenly to "stamp" the chicken wire. Adhere to the larger panel of the Mint Macaron card base.
- Adhere the Designer Series Paper to the other end of the card base.
- Adhere the Early Espresso layer to the center of the chicken wire layer.
- Stamp "So grateful for someone like you in my life" or any of the larger greetings in Early Espresso ink on the top (portrait) of one Whisper White card stock.
- Stamp the milk can in Smoky Slate ink on the bottom of the last Whisper White piece. Stamp the cotton spray in Early Espresso ink above the milk can. Stamp the label on the front of the milk can.
- Color the milk can with light Smoky Slate Stampin' Blends™ pen. I colored the label as well. Shade sides, the bottom edge, under the ridge, and under the handle with the darker Stampin' Blends™ pen. Blend in with the lighter one. Then highlight the front of the can and color over the entire label with the Color lifter.
- Stamp "Thanks" in the label.
- Color in the leaves and berries. Dab in the Embossing paste on the cotton with a tooth pick.
- Adhere to the front of the Early Espresso.
- Lace the button with Linen Thread. Tie a bow. Adhere to the chicken wire layer with double Stampin' Dimensionals, barely overhanging the Early Espresso and the fold of the Mint Macaron.
 - I neglected to buy the Galvanized buttons, so I made one.
 - Punch to tiny holes in the Galvanized Paper. Punch a ¾" circle with the two holes centered inside.
 - Punch a ½" hole. Punch a ¾" circle with the ½" hole centered inside.

- iii. Adhere the ring to the button with Multipurpose Liquid Glue.
