Notes:

- Score the Very Vanilla card stock at 5" and 10". Fold the crease closest to the 1" section as a mountain fold and the other one as a valley fold. Crease. The larger end will be the card inside with the fold to the left. The 1" section will hold the Terracotta Tile card front.
- Stamp the solid flower in Rich Razzleberry ink, stamping off, 4-5 times on the 2 1/2" x 4" Very Vanilla card stock. Stamp one flower on the card inside. Stamp the flower center in full strength Rich Razzleberry ink to each flower center. Stamp the border stamp in Rich Razzleberry ink on the edge of the card inside.
- Stamp *Thank you* on the smaller Very Vanilla piece and punch with the 1" Circle Punch. Punch the Rich Razzleberry scrap with the Darling Label or either the 1 1/8" or 1 3/8" Scallop Circle punch. Or just cut the card stock to 1 1/4" square. Adhere the greeting to the Rich Razzleberry piece with a Stampin' Dimensional.
- Stamp the large leaf and stem stamp in Call Me Clover ink randomly from the upper left to the lower right corner of the Terracotta Tile layer. I also added a bit of stamping to the upper right and lower left corners. Stamp the straight stem and trio of leaves in Call Me Clover ink on the inside section of the card.
- Ink the inside of the Brick & Mortar 3D Embossing Folder on the side with Stampin' Up! printed on it. Place the Terracotta Tile card stock inside and run through the embossing machine. It should ink mostly the mortar lines.
- Adhere the card inside to the Rich Razzleberry layer.
- Adhere the Terracotta Tile to the 1" Very Vanilla section. I recommend Tear & Tape Adhesive or other strong adhesive.
- Adhere 4-5 flowers to the center of the stamped leaves with Mini Stampin' Dimensionals.
- Fold the ends of the lace over to the middle. Adhere behind the small Rich Razzleberry piece. Adhere the greeting piece to the card front.
- Add rhinestones to the flower centers.
