- Score the Thick Whisper White card stock at 4 1/4". Fold and crease for the card base. Stamp *What a beautiful difference one single life makes* in Seaside Spray ink on the inside of the card.
- Adhere the Seaside Spray Designer Series Paper of your choice to the card front.
- Cut the 3 1/4" x 4 1/4" Whisper White with the #1 Stitched So Sweetly die. Stamp your greeting in Seaside Spray ink in the upper right corner. I used *Easter Blessings* from Itty Bitty Greetings, but this card would be great as a birthday card. Stamp the stem in Pear Pizzazz ink so the top is near the upper left corner and passes to the bottom right corner.
- Cut the So Saffron card stock with the #7 Stitched So Sweetly die. Stamp the stem in Pear Pizzazz ink so the stem goes from the bottom of the upper right corner section to the bottom right corner.
- Stamp the thickest leaf in Pear Pizzazz ink two times on the right side of the 2 3/4" x 4 1/4" Whisper White card stock. The thickest end should be near the edge of the paper to match the punch.
- Stamp the largest tulip in So Saffron ink two times on the left side of the 2 3/4" x 4 1/4" Whisper White card stock. Optional: Sponge a bit of Mango Melody ink at the top and bottom of the tulip.
- Punch the leaves and the left flower with the Tulip Builder Punch. Use the leaf shape to punch the left petal of the remaining flower.
- Adhere the Whisper White layer to the card front with Stampin' Dimensionals.
- Adhere the So Saffron layer to the card front with Stampin' Dimensionals, matching the stems.
- Place a Mini Stampin' Dimensionals on the top of the petal and the top of the leaves. I rotated one of the leaves. Use Multipurpose Liquid Glue or SNAIL on the bottom of the petal and leaves.
- Adhere the petal to the flower. Adhere the flower to the upper left so it goes beyond the corner of the Whisper White layer.
- Adhere the leaves at about the middle of the stem. I placed the second leaf so it covered the bottom of the first leaf.
- Tie a small bow with the ribbon. Adhere to the stem over the base of the leaves. I used a Mini Glue Dot.
- Adhere three silver Designer Elements to the bottom left corner.

Stepped up and no die cutting or Designer Series Paper version
