Notes:

- Score the Gray Granite card stock at 4 ¼". Fold and crease for the card base.
- Stamp the small peony in Gray Granite ink at the bottom left corner of the 5 ¼" x 4" Whisper White card stock. Stamp the small geometric pattern next to the flower, then stamp again (second generation/stamping off) to the right of that image. Adhere this layer inside the card.
- Stamp the large peony in Gray Granite ink on the 3" x 4" Whisper White card stock. Color with the Stampin' Blends™. Cut with the coordinating die.
 - If you're using my card kit, you will want to use a Stamaparatus. Stamp the image on grid paper. Place the frame of the die over the image and use the magnets to hold in place. Put the cutout in the frame and stamp. It should fit perfectly.
- Flag the end of the Gray Granite strip with the Banners Pick a Punch.
- Stamp the greeting* in VersaMark ink near the shiny white. (You could decide to substitute a Whisper White strip and stamp in Gray Granite ink. And if you don't have this punch, you could use the Tailored Tag Punch or just use Snips.
- Emboss the Petal Pink card stock in the Dainty Diamonds 3D Embossing Folder.
- Use the corner rounder on the Detailed Trio Punch on all four corners of the Peony Garden Designer Series Paper. Adhere about ½" from the corner of the embossed Petal Pink layer. If you don't have the Detailed Trio Punch, you could leave the square corners.
- Place the greeting strip so it goes beyond the left edge of the Designer Series Paper. Trim off the strip on the right side of the card.
- Run a strip of Seal adhesive just above the greeting strip. Trim the end of the Petal Pink Organdy Striped Ribbon to a point or flagged end. Lay the ribbon on the adhesive.
- Trim the end of the Gray Granite Shimmer Ribbon. Run a strip of Seal adhesive on it. Lay it on the Petal Pink Organdy Striped Ribbon just above the border. Trim the right side about 1" past the edge of the card stock. Fold over the ribbons and adhere to the back.
- Adhere the Petal Pink layer to the card front.
- Add a bit of adhesive in the middle of the card. This should be under where your flower will go. Add a Square Vellum Doily at a 45° angle.
- Add the cut flower with Stampin' Dimensionals.
- Add 3 Elegant Faceted Gems to the upper left corner of the Designer Series Paper.

*For the card in the photo, I used the greeting from
Parcels & Petals
