**Notes:**

- Score the Shaded Spruce card stock at 4 ¼". Fold and crease for the card base.
- Stack the Sahara Sand Designer Series Paper and foil layers and use the dotted Curvy Die to cut with the ridged cutting side toward the bottom edge and dotted side cutting into these layers.
- Cut the Shaded Spruce Designer Series Paper with the dotted side toward the top edge. Try to have the edge at the same place on the die as in step 2.
- Adhere the Sahara Sand Designer Series Paper on the foil, offsetting it so the solid edge of the Designer Series Paper covers the dots of the foil. Trim the Designer Series Paper, if desired.
- Set both Designer Series Paper pieces on one piece of the Whisper White card stock. Stamp the curvy lines and stars in Sahara Sand ink just below the Sahara Sand layer. Stamp the same stamp in Sahara Sand ink on bottom of the other Whisper White layer and on the envelope.
- Stamp *May your days be merry and bright* in Shaded Spruce ink just above the Shaded Spruce layer.
- Adhere the Designer Series Paper pieces to the Whisper White piece.
- Tie a knot in the ends of the ribbon. Snip about 2 ½" from the right side of the loop. Wrap around the top of the Designer Series Paper layer and adhere to the back.
- Adhere the Designer Series Paper layer to the card front.
- Adhere the Whisper White card stock with the stamping on the bottom into the inside of the card.
- Add tiny dots of Multipurpose Liquid Glue to the stars. Add a sequin to each. (You could substitute clear rhinestones.)
