Notes:

- Score the Thick Basic White card stock at 4 1/4". Fold and crease for the card base.
- Stamp the ivy garland in Old Olive ink at the top of the inside of the card and on the envelope flap.
- Stamp *Wishing you your best year yet* in Old Olive ink on the inside of the card.
- Cut the Designer Series Paper with the Curvy Dies. The one with the line of circles is at a bit of an angle and one end is about 1 1/4" up from the bottom. The ivy die is below that one, making sure the do not overlap.
- Adhere the Designer Series Paper to the card front with about 1/2" gap.
- Stamp the greeting in Old Olive ink in the gap of the Designer Series Paper.
- Use the ivy die again with the Old Olive card stock. Take care when lifting the die to keep the tiny leaves in place, if possible.
- Put a tiny dot of Multipurpose Liquid Glue in each of the empty ivy leaves. Pick up each ivy leaf in order and place in it's matching space on the card front.
- If you have a steady hand, use the Old Olive Stampin' Write Marker to draw along the embossed stems and tendrils. The embossing helps keep you in line.
