Notes:

- Score the Love You Always Specialty Designer Series Paper at 5".
- With the Trimmer, cut from the fold to 3 1/4" at 3/4", 1 1/2", and 2 1/4".
- Put the folded DSP into the #1 Smooth Layering Circle Die so the cut ends are under the outside edge of the die and the center/folded ends are over the die. Place this on the cutting plate of the Stampin' Cut & Emboss Machine. Place the top cutting plate so the edge is right at the center of the circle. When it goes through the machine, it should cut only half the circle.
- Weave the strips together, but not over under. You will weave inside outside. Keep checking both sides and check to see the pouch continues to open.
- Stamp *A little treat for you* in Sahara Sand ink on the Sahara Sand card stock. Stamp the hearts in Blushing Bride ink just below and to the right of the greeting. Punch out with the smooth oval.
- Punch the scrap of Designer Series Paper with the scallop oval. Punch a hole near the end of the oval
- Punch a hole at the top center of the heart, about 1/2" or more down from the V. Lace the ribbon through. Add a few candies or other small gift. Tie a bow in the ribbon.
- Lace the Linen Thread through the hole in the Designer Series Paper oval. Adhere the smooth oval over the Designer Series Paper with Stampin' Dimensionals. Lace the thread through the ribbon. Tie in a bow. Use a Mini Glue Dot to keep the tag where you want it.
