Notes:

- Score the Basic Black card stock at 4 1/4". Fold and crease for the card base.
- Color one flower in the True Love Designer Series Paper. Adhere the Designer Series Paper to the Daffodil Delight card stock layer. Adhere to the card front. I left about a 1/2" border on the top, bottom, and left side of the card.
- Stamp the greeting on the Basic White strip. I used *May God bless and keep you* but this card would be lovely for a birthday, thank you, or really any event.
- Center the Old Olive and Daffodil Delight strips on the punch and punch just the left ends. Align the right ends and adhere together. Adhere to the card, even with the right side of the card.
- Adhere the larger Basic White layer to the inside of the card.

My typical style is fairly simple, but usually a bit fancier than this card. But I wanted to make a lot of cards quickly and sometimes it's nice to let the Designer Series Paper do most of the work.

Change it out to fit your style and needs

- Select a different sentiment from *Itty Bitty Greetings* or another stamp set.
- I used Daffodil Delight for the card stock layer and coloring one flower, but feel free to use other colors.
- I used Stampin' Blends™, but feel free to color with Stampin' Write Markers, Watercolor Pencils, or whatever you like.
- Use a different Designer Series Paper and you might not even need to do the coloring.
- I used the Lovely Labels Pick a Punch, but another Pick a Punch design or even just cutting rectangles would be fine.

Step It Up

- You may want to decorate the inside with a narrow strip of the Designer Series Paper or leave it blank like I did.
- You could use the same Designer Series Paper to cover the envelope flap.
- Add a 5 1/4" x 4" layer between the card base and the yellow card stock.
 - Use metallic foil.
 - Use a different design from the Designer Series Paper pack.
 - Use Basic Black card stock but emboss it.
- Add embellishments like pearls, rhinestones, or ribbon.
