 By Bev Adams, bevadams@verizon.net, www.BevAdams.com

Notes:

- Score the Rich Razzleberry card stock at 4 ¼". Fold and crease for the card base. There will be a 1 ¾" flap for the front.
- Stamp the witch hats and brooms in Tuxedo Black Memento ink. Color with the Stampin' Write Markers. I used the Basic Gray, Cinnamon Cider, Crumb Cake, and Rich Razzleberry. Cut out with the 1a and 1b dies from the Festive Finishes Dies.
- Cut the 1 ¾" flap of the card front with just the 1a die.
- Adhere the colored strip to the flap of the card with the right edge aligning. Snip off any portions that go beyond the card edges.
- Cut the cloche shape from the bottom right corner of the Cinnamon Cider card stock piece about ¾" up from the bottom and ¼" from the right. Save both pieces.
- Cut the Basic Gray card stock with the cloche die.
- Lift the top layer of the Adhesive sheet and place the ½" strip and the cloche shape onto the adhesive. Place the top layer back in place. Cut with the detailed rectangle and the tree branch dies.
- Cut four of the flower centers (with 10 rays). Do a little surgery on these pieces by cutting off 2 adjacent rays. These will become spiders.
- From the Basic White card stock, cut the label and a ghost from the Festive Finishes Dies.
- From the Vellum card stock, cut two ghosts.
- Stamp *Spooky* in Basic Gray ink on the label.
- Stamp the spider in Tuxedo Black Memento ink on the Basic Gray cloche shape. The spider web should hang down from the narrowest part of the cloche.
- Place a large Matte Black Dot in the center of the spider.
- Adhere the trees to the sides of the spider web. The taller tree with more branches should fit nicely next to the side of the cloche.
- Place the Cinnamon Cider layer on the card inside without using adhesive.
- Glue the Basic Gray cloche in the shape of the Cinnamon Cider piece. This will assure the Cinnamon Cider layer will be centered and straight when it's time to add it. Remove the Cinnamon Cider layer.
- Snip the bottom right corner Cloche Shaker Dome flat adhesive corner.
- Lay the dome on the table. Remove the top backing layer. Lay the Cinnamon Cider layer over it, fitting it first at the narrow top.
- Place the Basic Black card stock spider right side down on a mouse pad, a Stampin' Pierce Mat, or just the palm of your hand. Use a small smooth

round object to roll across spider body. If you roll from the outside of the circle to the center, the shape will curl and round to a bowl shape. Repeat this with all four spiders.

20. Place three of the spiders in the center of the Basic Gray cloche. Snip a $\frac{3}{4}$ " piece of the Metallic Mesh Ribbon and snip it apart to be bits of spider web. Place on the cloche with the spiders. Add one Vellum ghost. Add a small pinch of the silver and white sequins and a small pinch of the orange sequins.
21. Add adhesive to the top and sides of the Cinnamon Cider layer. Remove the backing from the Cloche Shaker Dome. Lay the Cinnamon Cider layer in place. The layer should have an even border and fit over the Basic Gray dome.
22. Add the detailed rectangle under the shaker dome.
23. Adhere the bottom of the white ghost over the remaining Vellum ghost as shown. Put adhesive only on the back of the white ghost. Adhere both of the ghosts to the left side of the Cinnamon Cider layer about $1\frac{1}{2}$ " from the top.
24. Close the card flap. Adhere the Spooky label to the top right corner with Stampin' Dimensionals. It should not overlap the card flap.
25. Place a mini Black Stampin' Dimensional between the Cinnamon Cider layer and the Cloche Shaker Dome. It should be about $\frac{1}{2}$ " from the top of the dome. Remove the backing from the Dimensional and add a second Stampin' Dimensional. Remove the backing and place the remaining spider on the Stampin' Dimensionals. Add a large Matte Black dot on the edge of the circle where the two legs were removed.
