Notes:

### Prepare

1. Score the Calypso Coral card stock at 2 2/3" and 5 1/2". Fold in half and then fold the top layer back. Crease for the card base.
2. Flip one piece of the Designer Series Paper and stack them both together. Cut at an angle. It doesn't really matter what angle. For my first sample I cut it about 1" in from the top left and bottom right. For the video I cut it around 1/2" from the top left and about 2 1/2" from the bottom left.

### Cut & Emboss

3. Cut the remaining Calypso Coral piece with the #1 Something Fancy Die and the small Basic White piece with the # 2 Something Fancy Die. Stack and cut both with the teardrop hole die.

### Stamp & Color

4. Stamp the Basic White label in Evening Evergreen ink with the greeting of your choice.

### Assemble

5. You will use one piece of the Designer Series Paper from each design for the front of the card. I used the dark floral in the top right corner and the Calypso Coral graphic design in the bottom left corner. This provides more contrast for the label. Adhere the two pieces on the Evening Evergreen layer. Then adhere just the left side of the layer to the 2 3/4" section of the card base.
6. Adhere the remaining dark floral to the bottom left of the 5 1/4" x 4" Basic White layer. Adhere to the inside of the card.
7. Stack the labels and adhere with Stampin' Dimensionals. Lace the Windowpane ribbon through the hole. Tie with a square knot around the Open Weave ribbon. Trim the ends. Split the Open Weave Ribbon. Adhere to the card front.
8. Optional: Adhere the 5 3/4" x 2 3/4" to the envelope flap. Put the adhesive on the flap, not the Designer Series Paper. Trim the Designer Series Paper to fit the flap.
