Notes:

### Prepare

- Score the 4¼" x 11 Basic White card stock at 5 ½" Fold and crease for the card base.
- Score the 4" x 5 ½" Basic White card stock at ¾" down from the short end.
- Score each of the short ends of the 5 ¼" x 2 ¾" Basic White card stock at ½".

### Stamp & Color

- There is a long narrow stamp that is designed to be shadow lines on the carrot. I'm using it for both that and grass.
  - In Granny Apple Green, stamp this stamp several times across the 4" x 5 ½" Basic White layer just a bit down from the middle. Overlap the short and long lines.
- Stamp the small leafy carrot tops in Granny Apple Green ink above the "grass."
- Stamp *It looks like spring* in Granny Apple Green ink in the middle of the bottom half of this layer.
- I usually leave the inside portion of the card front blank, but I stamped *Everything's coming up carrots* in Granny Apple Green ink at the top of the card inside.
- Stamp three carrots in Mango Melody ink about ½" from the crease on the 4" x 5 ½" Basic White card stock. Stamp the carrots with the "grass"/carrot shadow stamp in Granny Apple Green ink, stamped off twice.
- Fold the ¾" flap on the piece with the carrots. Center this piece on the inside of the card, but do not adhere it just yet. Stamp three carrot tops in Granny Apple Green ink above each carrot. Some of the carrot tops will stamp on the card base. Remove the carrot layer and stamp more carrot tops so the extend about 2 ½" above the fold.
- You may want to stamp the two small carrot and the same small carrot tops on the bottom right corner of the 3 ¾" x 2 ¼" Basic White layer and the bottom left of the envelope.

### Assemble

- Adhere the layer with *It looks like spring* to the 5¼" x 4" Granny Apple Green layer, then adhere to the card front.
- Put Tear & Tape Adhesive on the ½" flaps of the 5 ¼" x 2 ¾" Basic White layer. Fold the flaps under and adhere to the very bottom of the inside of the card.
- Adhere the 3 ¾" x 2 ¼" Basic White piece to the 4" x 2 ½" Granny Apple Green layer. Adhere to the Basic White piece with the flaps that formed a sleeve.
- Place Tear & Tape Adhesive on the ¾" flap of the layer with the three carrots. Slip this layer into the sleeve. Lay flat, centered on the card base. Remove the Tear & Tape Adhesive backing. Close the card and press. When you open the card, the carrots will pull up from the sleeve.
