Notes:

Prepare

- With the Starry Sky card stock in landscape, score at 5 1/2". Turn to portrait. At 2 1/8", cut from the top edge to 1/16" past the score line, then score the rest of the way to the bottom edge. Repeat at 6 3/8". Turn back to landscape with the top (the longer cut line) on the right side, at 5 7/16" cut from the edges to the score lines. You may need to trim this a bit more later, if the card has trouble folding easily. Keep the scraps for step 4.
- Crease all the score lines.

Cut & Emboss

- Cut two of the big curved leaves from the center of the Old Olive card stock. Be sure to leave 1/4" beyond the die, as we'll be using the outside portion as a mat behind the oval frame piece.
- Cut the two coneflowers from the Daffodil Delight card stock. Cut two sets of the smaller flowers from the Fresh Freesia card stock. Cut the flower centers from the Early Espresso card stock. Cut the scrap of Starry Sky card stock with the other flower die.
- Emboss the Designer Series Paper with the oval frame in the Timework Type 3D Embossing Folder.

Stamp & Color

- In Old Olive ink, stamp the greeting on the top and the larger flower spray on the left side of the Basic White layer. Color the leaves and flowers with the Stampin' Blends™.
- Color the die-cut flowers with Stampin' Blends™. Color the center of the Fresh Freesia flowers with the Dark Fresh Freesia Blends and the Daffodil Delight flowers with Dark Pumpkin Pie Blends. Use the Stampin' Blends™ Color Lifter to blend the colors.

Assemble

- Adhere the Basic White layer to the inside of the card base.
- Fold the sides in. Adhere the two pieces of Dainty Flowers Designer Series Paper to each side.
- Adhere the Designer Series Paper with the oval frame to the Old Olive frame. Adhere both to the card front with Stampin' Dimensionals. Add the two big curved leaves just outside the floral oval. One of the curved leaves will be upside down.
- Lay the little flowers and the Early Espresso flower centers upside-down on the Stampin' Pierce Mat. Use the stylus tip of the Take Your Pick to press the center of the Fresh Freesia flowers. Gently rub from the tips of the Daffodil Delight flower petals toward the center. Circle around the center of the flower centers to round them.
- Add the Starry Sky flowers over the big curved leaves.

13. Scatter the Fresh Freesia flowers up the arched leaves. I used Mini Glue Dots.
14. Add the Daffodil Delight flowers near the bottom.
15. Tie a bow with the Linen Thread and adhere near the bottom with Mini Glue Dots.
