Colors Inspiration: Brushstroke Specialty Paper (This Designer Series Paper would be also beautiful to use on this card!)

Technique: Blending Brushes

### Prepare

- Score the 5½" x 8½" Night of Navy card stock at 1", 2", and 5¼". Fold the 1" score line in a "mountain" fold, then valley and mountain. Crease for the card base.
- Score the 3¼" x 8½" Night of Navy card stock at 4¼". Fold and crease. This is the pop-up section.
- Emboss the 5¼" x 3" Soft Succulent card stock with the Cane Weave 3D Embossing Folder.

### Stamp, Color, & Cut

- Stamp the large outline leaves in Soft Succulent ink on the left side of the other 5¼" x 3" Basic White card stock. Stamp the greeting of your choice in Night of Navy ink on the right side. This is the inside layer.
- (Optional) Use the Blending Brushes and Soft Succulent ink to lightly color the leaves.
- Use a Blending Brush and Blushing Bride ink to color the 5" x 2" Basic White piece.
- Use a Blending Brush and Soft Succulent ink to lightly color the 4¼" x 4¼" piece of Basic White ink. Cut with the wreath and two small leaf dies.
- Stamp the 5" x 2" piece twice with the larger more outline flowers in Night of Navy ink. (Tip: Keep the small flower on top, the other two flowers near the edge. Punch with the coordinating punch.

### Assemble

- Adhere the inside layer. Add the two small die cut leaves over the stamped leaves with the stems toward the large empty area. Adhere the three punched flowers in the empty areas.
- Adhere the embossed panel to the largest panel on the front of the card.
- Tie the ribbon around the 1" section of the card.
- Adhere the Designer Series Paper to the front of the pop-up section.
- Adhere the die-cut wreath over the Designer Series Paper. It will go over the sides of the pop-up section, but don't allow it to go above or below it.
- Adhere the pop-up section to the center of the back of the card base. Adhere the bottom front to the 1" section of the card base.
- Adhere the middle-sized punched flower to the lower left of the wreath. Adhere the other two flowers with Stampin' Dimensionals.

16. Add Night of Navy Milky Dots to flower centers. I don't usually add any bumpy items to the inside of cards, but you can if you'd like.
