Notes:

Inspired by Lisa Curcio,

<https://lisasstampstudio.com/2023/08/make-this-pop-out-accordion-fun-fold-card-for-birthdays.html>

*I cut the Mossy Meadow squares to 2¹³/₁₆". Lisa Curcio suggested 2³/₄" or 2⁷/₈". 2³/₄" is just the right size, but it could show the bottom layer of card stock. 2⁷/₈" assures that the bottom layer won't show, but it may extend past the folds, but this was the size she used. I thought it was best to split the difference, but that results in a difficult measurement. To be honest, any of the three measurements (2³/₄", 2¹³/₁₆", or 2⁷/₈") will work.

Prepare

- Score each 8" x 4" card stock at 2", 4", and 6". Mark the 2" point at each short edge. Cut from the 2" mark to the first score line to form a triangle point.
- Cut the Designer Series Paper into 6 pieces 1⁷/₈" x 3⁷/₈". (This allows the Designer Series Paper patterns to line up.)

Stamp & Punch

- Stamp the larger pumpkin that coordinates with the punch in Calypso Coral ink on the strip of Very Vanilla card stock.
- Stamp 2 leaves and 1 stem in Mossy Meadow ink on the strip. Punch.
- On one Very Vanilla square *diamond*, stamp the greeting of your choice near the top corner in Mossy Meadow ink. Temporarily place the punched pumpkin below the greeting to estimate where to stamp the 2 curlicues in Mossy Meadow ink.
- Optional: I included the Tuxedo Black Memento ink on the supply list in case you want to stamp the raven or a jack-o'-lantern face.
- Stamp a collection of pumpkins and gourds in both Calypso Coral and Wild Wheat ink on another diamond. Add leaves and curlicues in Mossy Meadow ink.
- On the third diamond just stamp a bit so you can use this to sign your card.

Assemble

- Fold the triangle ends of the two card base pieces. Turn over and temporarily adhere together with a sticky note or sticky tape. Turn back over and adhere a Mossy Meadow diamond over the triangles. Remove the sticky tape.

10. Fold the outside triangles toward the center. Adhere the remaining Mossy Meadow diamonds over the triangles.
11. If you can see any of the bottom layer, carefully trim.
12. Adhere the 3 gold foil diamonds over the Mossy Meadow diamonds.
13. Adhere the Designer Series Paper over the 4 rectangle sections behind the diamonds.
14. Turn over and adhere the remaining 2 rectangles over the outside sections just inside of the triangles.
15. Adhere the Very Vanilla diamond with the greeting over the center diamond. Adhere the second diamond over the left diamond. Adhere the more plainly stamped diamond over the right diamond.
16. This card can be folded several ways. I like to fold the plain panel over the center panel and then the left panel over the right one.
17. This should show your diamond with multiple pumpkins in front of two plaid rectangles.
