## Notes:

I thought I could just cut the Designer Series Paper to 4" x 5 ¼", then flip the triangles to use on the card. It didn't work and I thought I would need to use two sheets for each card. But then I realized I could use the strip I first cut off for the triangles I needed!

You could also make two cards at once. Use two coordinating sheets of Designer Series Paper or the same design, flipping one over. Cut both out at once. You would have the 2" pieces to use on another project.

Score the 8½" x 5½" Berry Burst card stock at 4¼". Fold and crease for the card base.

- Cut the Designer Series Paper.
  - Cut off 2" from the side of the Designer Series Paper (4" x 6"). **It's important to make this cut first!**
  - Cut the 4" x 6" piece to 4" x 5¼". With the multicolor piece on top, measure down the left side of the 2" side piece to 4", then measure up the right side 4", then cut from the corner to the mark. Use the two triangle pieces for another project or discard. Keep the 4" x ¾" piece.
  - Measure down the left side of the 2" side piece to 4", then measure up the right side 4". If this isn't right, you will be cutting pieces the same as the extras from step 2 b. Cut the diagonal lines as shown. The skinny strip with the long angles is not needed.
- Stamp the large dogwood flower in the center of the 4" x 4" Basic White card stock.
- Color just the tips of the flowers in the Light Berry Burst Stampin' Blends marker. Swirl the color into the petals with the Stampin' Blends Color Lifter. Color the flower centers, leaves, and stems with the Lemon Lime Twist Stampin' Blends.
- You may want to stamp (and color?) the smaller flower stem on the 4" x 5¼" Basic White piece for the inside. You can also add that 4" x ¾" strip of Designer Series Paper to the bottom of this layer.
- Use the #7 Deckled Circles die to cut the 4" x 4" Berry Burst card stock.

6. Use the #8 Deckled Circles die to cut out the flower you colored. You will be cutting off a bit of the stem.
7. Stamp the greeting of your choice from Go To Greetings in the white area.
8. Adhere the inside layer.
9. Adhere the top triangle piece to the card front with  $\frac{1}{8}$ " border on the top and left side. The 2" side will be on the left.
10. Adhere the parallelogram Designer Series Paper with the top corner at  $\frac{1}{8}$ " and matching the left side.
11. Adhere the bottom triangle. If the cutting was not precise, you can leave a larger border on bottom if it's too short or overlap if it's too long.
12. Adhere the flower circle to the Berry Burst circle. Adhere to the card front with Stampin' Dimensionals.
13. Color the flowers with Wink of Stella.
14. Add a few Berry Burst gems.
