Notes:

Prepare

1. Score the Real Red card stock at 4¼". Fold and crease for the card base.
2. Emboss one of the 4" x 5¼" Basic White card stock using the Hearts of Love 3D Embossing Folder. I tried to place two big hearts near the top corners and one near the bottom in the center.
3. Emboss just the top of the other 4" x 5¼" Basic White card stock using the Hearts of Love 3D Embossing Folder for the inside layer.
4. Using the Stampin' Brayer, ink the raised portions of the fully embossed Basic White layer.
5. Put tiny dots of Multipurpose Liquid Glue on the big red hearts. Allow to dry.
6. Dust the Vellum Specialty Paper with the embossing buddy. Stamp *Happy Valentine's Day* in Real Red ink in the middle. Notice that Day is at a different angle that Happy Valentine's. Try to keep Day parallel with the bottom edge.
7. Sprinkle the greeting with the clear embossing powder. Heat until the clear powder turns from dusty to shiny. Avoid over-heating to reduce curling of the vellum.
8. Adhere the inside layer inside the card base.
9. Adhere the embossed and inked layer to the card front.
10. Adhere the vellum over the embossed and inked layer.
11. Tie a bow in with the Real Red & White Baker's Twine and adhere to the card front with a mini glue dot.
