Notes:

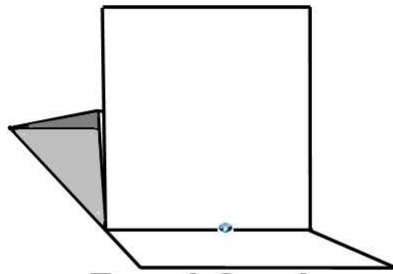

Prepare

- Score the Granny Apple Green card stock at 1¾" and 5½". Fold and crease for the card base.
- Mark the 4" x 2½" Basic White card stock at 1½" up on each of the short sides. Cut 1 ½" in from each side along the marks. This will leave about 1" connected in the center.
- Cut a circle centered near the top of the Window Sheet.
 - Cut a piece of scrap paper or graph paper to 4" x 5¼".
 - Center the Large Gold Hoop about ¼" down from the top.
 - Draw a line around the hoop.
 - Center the circle die in the center of the circle in step 3c. Use this as a template for cutting the Window Sheet.
- If you have a corner rounder punch, round the top corners of the Window Sheet.
- Stamp the tree two times with Versa Mark ink and emboss with the gold embossing powder. Use the Heat Tool until the powder turns glossy gold. Allow it to cool.
- Brush the trees with Granny Apple Green ink.
- Cut the trees with the coordinating die.
- Fold the Baker's Twine about 4" from one end. Use a Lark's Head knot at the top of the Large Gold Hoop. With the longer end, make another Lark's Head Knot at the bottom of the hoop. This is a bit more complicated.
 - Go over the bottom edge of the hoop, wrap the end behind the hoop and up to the left of the straight cord, Make a loop by going over the straight cord and under the hoop. Then bring it up through the loop you just made. Use a glue dot to hold the ends together.
- Lay one of the trees face down and use glue dots to adhere to the cord. Use more glue dots to adhere the other tree on top, face up.
- Adhere the hoop to the Window Sheet with Glue Dots.
- Optional: Add a loop for the ornament by tying another Lark's Head knot at the top of the ornament

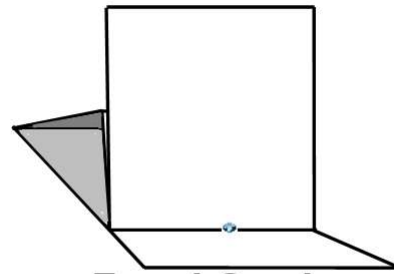

12. Stamp *Merry Christmas* on the Basic White piece from step 2. Part of the lettering will go up in that center section. With Snips, fussy cut around the lettering that goes above the line.
13. Cover the lettering with scrap paper and stamp the curved lines in Granny Apple Green ink on the sides of the words.
14. Adhere the Designer Series Paper to the top section of the card front.
15. Adhere the Window Sheet to the bottom section of the card front. Keep the adhesive about 1/4" from the edges.
16. Adhere the greeting over the bottom section of the Window Sheet.
17. Scatter small rhinestones on the tree (both sides, if you'd like). And a couple more rhinestones at the bottom.
18. Stamp *Wishing you peace & joy* in Memento ink about 1" up from the bottom of the remaining Basic White card stock. Adhere to the inside of the card. Add one or two large rhinestones about 2" up from the bottom of the card as a stop for the easel card.
