I personally store card stock in full sheets stored alphabetically and any cut sheets cut to card bases (half sheet, scored in half), large layers (4" x 5¼"), and small layers (2¾" x 4¼"). I do have some light neutrals cut to smaller layers (2½" x 4"). I'm going to show you how simple it is to make a card with these cut pieces plus a bit of Designer Series Paper and embellishments.

**Prepare**

- Pick a greeting and image from With You in Mind.
- Pick one of the sheets of Beautiful Gallery Designer Series Paper. The colors are **Basic Beige**, **Calypso Coral**, Cloud Cover, **Crumb Cake**, Early Espresso, **Lost Lagoon**, Mossy Meadow, Peach Pie, Pecan Pie, **Secret Sea**, and Smoky Slate. I limited the choices a bit and selected the sheets that work best with those limited colors.
- Decide if you want your card in portrait or landscape orientation.
- Select and/or cut two coordinating strips 1" by 4" (or less).
- I have stored the card bases already scored, but if yours isn't scored, score it now at 4¼"
- You might want to cut off 2¼" to add to the envelope flap. Just put glue near the edges and crease on the flap. Trim to fit.
- Select the card base and small layer colors you want to use.
- Some options:
  - Cut a large layer from the Designer Series Paper.
  - Stamp the image around the card front.
  - Leave the card front as it is.
- Lay out your pieces on the card front to be sure you like it before you commit.
- Stamp the greeting you want in Secret Sea ink on the small Basic Beige layer. Note that two of the greetings are longer. You will need to orient your card in landscape. You may also want to stamp toward the right side of the panel.
- If you are using a large layer, add that now.
- Add the inside layer
- Stamp the image in the color of your choice. If stamping in a group, please clean the stamp for the next person.
- Adhere the stamped Basic Beige to the small layer you selected then add them to the card front.
- Adhere the strips of paper.
- Add a few embellishments.
