## Notes:

Inspired by Connie Stewart

## Prepare

- With the primary design up, score the Designer Series Paper at 1⅝", 2¾", 5⅜", and 8". Fold: mountain, mountain, valley, valley.
- Score the 6½" x 5½" Cloud Cover card stock at 2¼". Fold and crease for the card base. The "front" of the card will be just 2¼" at this point.
- Adhere the 4" x 5¼" Secret Sea card stock to the inside of the card.
- Adhere the 2⅛" x 5¼" Secret Sea card stock on the front of the card so that the right side is exactly at the edge and exactly even with the inside layer. When closed, it should all look like it's all one full panel.
- Adhere the 3 x 4¼" Cloud Cover panel centered on the inside of the card.
- Adhere the 1¾" x 4¼" Cloud Cover panel on the very edge and exactly even with the inside layer.
- The Designer Series Paper has 5 panels. Fold the Designer Series Paper to "Dry fit" to the card.
  - Fold the fifth panel in and skipping the first score line, fold at the second score line.
  - Center the folded Designer Series Paper on the center of the folded card base.
  - Hold the right side of the folded Designer Series Paper in place and lift up the front of the card base and place it under the top layer of Designer Series Paper. It should still look centered in the Cloud Cover layer.
- Open the first three panels of the Designer Series Paper. Put adhesive behind just on the very first panel (It's now on the right side) of the Designer Series Paper.
- Make sure it's centered as it was, then close the two panels of the Designer Series Paper to adhere to the Cloud Cover on the card front.
- Open the card, keeping the Designer Series Paper folded.
- Put adhesive on the back of the Designer Series Paper. This is the fourth panel. Close the card.
- Stamp the 2⅜" x 3¾" Basic White card stock in Secret Sea ink with the greeting near the top and the long leaf on the left side. Open the fifth Designer Series Paper panel and adhere inside.

13. Stamp the leaves with the rectangle on the 2¾" x 4¼" Basic White card stock. Cut with the coordinating die. Adhere to just the first Designer Series Paper panel. Add three Secret Sea Flat Pearls.

The nice thing about this card layout is that both sides of the Designer Series Paper show. I chose this particular sheet of Designer Series Paper because I thought it went with the stamp set nicely. However, the back side of the Designer Series Paper is a bit plain. If you want to decorate it, you can stamp with the long border of leaves, the small leaf stamp, or both in the corner. Another alternative is to stamp the small leaf and then imitate the rectangle border with the long and short line stamps in the Along These Lines stamp set, #169119.
